Financial Assistance Award Conditions
Between the Denali Commission & Council of Athabascan Tribal Governments (CATG)
For Yukon Flats Health Clinic –Planning and Design
August 2002
Project No. 0050-DC-2002-I3

1. Scope of Work

This project is for the planning and design of a replacement sub-regional clinic in Fort Yukon that would serve the 9 communities in the Yukon Flats area. Up to \$100,000 is for conceptual planning, with \$300,000 for final design, permitting and construction bid document preparation. Funding for final design is dependent on successful completion and Denali Commission approval of the conceptual plan. CATG has been approved to proceed with conceptual planning in accordance to their August 9, 2002 Conceptual Planning Proposal. CATG is to coordinate their conceptual planning and subsequent design efforts through Ms. Carolyn Gove with the Alaska Primary Care Association, unless otherwise directed by the Commission's Project Officer. The Technical Assistance Subcommittee of the Commission's Health Steering Committee in reviewing the August 9th submission noted the following:

The estimate to complete this project is \$9 Million and given the high facility cost and that a number of other funders will likely be looking to the Denali Commission to verify the cost and need for the project, the subcommittee recommended close review during the conceptual planning process. This review should include confirmation that all the proposed facility space is necessary, and that the to-be developed business plan clearly demonstrates a sustainable facility and health services program. Housing of other than health services and administrative support for these services should be reviewed closely, too. Lastly, the site development timeline along with cost share match should be reviewed in terms of phased construction activity and funding.

All Commission funding is intended for use for the scope of work identified in the Award document only.

2. Award Performance Period

The award performance period is August 1, 2002 through September 30, 2004. This is the period during which financial assistance award recipients can incur obligations or costs against this award.

4. Budget and Program Revisions

CATG must also request any remaining funds for expenditures under this award during this 90-day period. Please refer to the Commission guidance for project closeout for additional details on the requirements. This is available by contacting the Commission office or the Project Manager.

- b. The closeout report will include reporting on the percentage of the project that was performed through force account and the percentage of the project that was performed through the use of construction contracting (+/- 2%). Project expenditures should be tracked during project construction in order to meet this requirement.
- c. Acknowledgement of support: For all construction projects, the Award recipient shall include an acknowledgement of the Government's support for the project(s) developed under this Award. The Award recipient shall display a sign that includes the following:
 - i. The Denali Commission logo displayed on the upper right-hand quadrant;
